

BURNS FARMS

14th Annual Female Event

SATURDAY, MAY 11, 2024

PIKEVILLE, TENNESSEE

12 noon CDT

Welcome!

David, Katie & Helen Burns

David & Dr. Phillip Burns

Zach Day, David & Phillip at the 2024 Cattleman's Congress after winning Champion Pen of Five in the Hereford Bull Show

Dear Friends and Fellow Cattlemen,

Welcome to our 14th Annual Female Event.

Throughout the past year, our team has worked diligently to assemble a collection of premium females. They not only meet but exceed industry standards in quality and genetics. The Burns Farms herd has been carefully developed to breed balanced cattle with phenotype and genotype while maintaining animal functionality. We are confident that you will find the perfect additions to your herd within this sale. Each animal has been carefully selected for performance traits and temperament, ensuring that each individual will be a valuable investment for your operation.

One of the best components of sale day is visiting with customers, old and new. We are proud to have many repeat buyers, which reflects on a job well done the first time. If you are new to Burns Farms, we are happy to have you here; let us know how we can help. We prioritize transparency and customer satisfaction, so please do not hesitate to reach out with any questions or requests for additional information.

The cattle will be available for preview Friday, May 10th, with a cocktail party and entertainment that evening. We will serve lunch prior to the start of the sale on Saturday. Thank you for considering us as your source for performance cattle. We look forward to working with *you!*

David Burns

HOTEL ACCOMMODATIONS

Hampton Inn, Crossville, Tenn.(931) 707-7170
Holiday Inn Express, Crossville, Tenn.(931) 707-1035

AIR TRAVEL

The Chattanooga, Tenn., airport is 45 minutes from the farm.
The Nashville, Tenn., airport is two hours from the farm.

SALE TERMS AND CONDITIONS

Payment by cash or good check is expected during or immediately following the sale. Cattle will not be released until settlement has been made. The auctioneer will settle any disputes as to bids, and his decision will be final. Cattle will not be transferred until paid for in full. Each animal becomes the purchaser's risk as soon as it is sold.

GUARANTEE

Cattle sell under the recommended terms and conditions of the American Hereford Association.

HERD HEALTH

All cattle will be accompanied with proper health certificates for immediate shipment. All females that sell bred have been checked safe in calf by a licensed veterinarian. All females of breeding age will be sold as guaranteed breeders. If a female is diagnosed as a non-breeder, a written statement or phone call to Burns Farms must be made within six months of the sale date. At that time, a credit will be issued, purchase price minus salvage value, for a future purchase at a Burns Farms Bull or Female Sale.

ANNOUNCEMENTS

Announcements made sale day from the auction block supercede all printed material. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

EXPECTED PROGENY DIFFERENCES (EPDs)

EPDs are updated weekly by the American Hereford Association, so we cannot guarantee the EPDs listed in the catalog. The EPDs printed were current as of 4/15/24. All EPDs that are genomically enhanced are indicated by this symbol: 

All persons who attend the sale do so at their own risk. Neither the owners nor anyone else associated with the sale assumes liability for accidents or loss of property.

Sale Location: 1027 Alvin C. York Hwy., Pikeville, TN 37367

From Chattanooga:

Take 27 North toward Dunlap and Dayton. Follow left fork to 111 North (Dunlap, go 16.8 miles). At intersection of 11 North and 127 North, turn right onto 127 North (go approximately 18 miles). After the Bledsoe County High School, turn left onto Burton Street (at the funeral home and convenience store). Go one block to dead end and turn right. Go approximately 0.6 miles to the Burns Farms Sale Facility.

From I-40 in Crossville:

Take the TN 101/Peavine Road Exit, #322, toward Crossville 0.4 miles. Keep right at the fork to go on TN 101/Peavine Road 2.5 miles. TN 101/Peavine Road becomes TN 392/Miller Ave./Milo Lemert Pkwy. 2.5 miles. Turn left onto US 127/South Main Street/TN 28. Continue to follow US 127 /TN 28 2.5 miles. Turn slight right onto US 127 South/TN 28 South. Continue to follow US 127 South/TN 28 South for 28.1 miles. Turn right on Alvin C. York Hwy. 1 mile.

It has become a tradition at Burns Farms for Lot 1 in the Annual Female Event to be an up-and-coming herd bull. BF Power 225K ET fits that bill to a tee, as he was the anchor bull in our Grand Champion Pen of 5 at the 2024 Cattlemen's Congress Hereford Show. 225K's donor dam is the resident donor Ladysport 42F that was our pick of the 2018-born bred heifers at NJW Polled Herefords in Sheridan, WY. Two full sisters to BF Power 225K ET sold in the 2023 Annual Female Event, commanding \$42,500 to GKB Cattle and \$15,000 to Chapman Land and Cattle and Rock Ridge Herefords. Sired by the popular Makers Mark, 225K is built right from the ground up. He is big footed, big middled, big hiped, attractive on the profile and dark red in color with maternal excellence on both sides of his pedigree. He is a herd bull that we feel can propel virtually any program. He will see heavy service here at Burns Farms.

Offered with Crown L Herefords, Paris, KY.

Full sister sells as Lot 22.

Homozygous Polled.
 The perfect young female to lead off the fall ET heifer calf division is 42L. When we designed this mating, we had every intention of this result—a female with look, substance and a jaw-dropping EPD profile. 42L represents where our program is going and what the future is for Burns Farms.
 157F, the dam of Lots 2, 3 and 5, commanded \$65,000 when we selected her as a calf and has done nothing short of excel in every facet of the business. We sold three live offspring in 2023 that grossed over \$100,000. The demand for 157F progeny has been profound and will only get hotter.
 42L is set to make a gigantic impact on the Hereford breed when she hits production. We appreciate her sire, JW 1857 Merit 21134, in his ability to pass along superior EPD profiles while not sacrificing eye appeal or substance. Grab on and don't let go of one of the premier sale features to sell anywhere in 2024!
 Ranks in the top 1% for WW, YW, M&G, CW, REA, BMI, BH and CHB; top 4% for CED and Marb. BW 68 lbs.

Many elite donor females have resided at Burns Farms over the years, but none of late have carried the impact that 157F has made in our program.

59L is a full sister to 223K, the 2023 Annual Female Event high seller at \$55,000 to Crown L Herefords. 59L combines everything we loved in 223K, but in a heavier pigmented, bigger middled package. Our goal as a program is to make cattle with exceptional phenotype while still pushing the envelope on paper, and 59L as well as several others in this offering do just that. Feminine in her design and attractive on the profile while boasting a growth spread that is in the top 1% of the population for WW and YW with value-added carcass merit, this female will be a cornerstone producer for any progressive program for years to come.

Maternal sisters sell as Lots 2 and 5.

Ranks in the top 1% for WW, YW, M&G, CW and CHB; top 2% for SC and REA.

Expedition is a bull that has seen heavy use here at the ranch. We have loved them as they mature. They come small, have vigor and excel in their growth pattern as they age. Combining growth and calving ease when mating Expedition and 157F results in what we see here in 23L. Fully pigmented, stout and stylish with a curve-bending numerical profile. Females like 23L are the ones that pay for themselves year in and year out the good, old-fashioned way—through production and quality.

Maternal sisters sell as Lots 2 and 3.

We are excited to showcase our first set of Posh 12H ET daughters to sell at auction as Lots 6–8. Posh 12H commanded \$20,000 for half interest to Double 7 Ranch in Oklahoma in our September 2020 sale. We all knew what Posh 12H could produce, and what a way to start off her daughters with 30L. She has been a favorite of many who have stopped in since the fall. Fundamentally sound, built square and true, with one of the longest front one-thirds in the entire offering. Her sire, Houston, has been a mainstay in the breed for siring offspring with style and power. 30L is an example of that very principle. This heifer will show at an extremely high level and then go into production and make an instant impact. A big growth spread female with value-added carcass merit and maternal strength, 30L will command your attention when you first find her in the pen and won't let you look away.

Ranks in the top 1% for WW, YW and CHB; top 2% for Udder, CW and Marb.

lots 7 and 8

Our Final Print progeny have been next level good, and the Final Print x Posh 12H ET progeny are exceptional. We love their expressive muscle shape, bold rib shape design and structural integrity in a moderate package. Both of these heifers are phenotypically pleasing from the side with exceptional calving ease and growth. And to top it all off, they have picture-perfect udder quality packed to the gills on both sides of the pedigree with value-added carcass. Both sisters have the potential to certainly stake their claim as high-income revenue generators down the road. Be the last one with your hand up when the gavel drops and pat yourself on the back for a job well done when they lay down and calve as two-year-olds.

If this pedigree doesn't get you fired up, I am not sure you have a pulse. She is sired by Houston, and her donor dam is Mercedes 11E, who is also the dam of one of the hottest sires in recent years, Makers Mark. Mercedes stamps her calves with a conservative color pattern, a striking look from the side and impeccable structure. Houston calves have been in high demand over the last year, and this is one that we believe to be in the upper echelon in terms of quality. This girl will look good with a halter on her head and better yet producing highly marketable offspring for her new owner. We will probably be second guessing ourselves when this one is a four-year-old.

Homozygous Polled.

This exceptional female sired by Makers Mark is out of the ultra-productive Gemini 7233 donor female that has been getting the job done at Blazer Farms. When Mike said he had a couple of good heifers to come look at, we knew we had to make the trip over, and we are glad we did.

L042 is so neat in how she ties everything together, having extra dimension through her lower one-third, her neck ties in high out of the top side of her shoulder, and she is elegant in her front end. Square built and stout in her hip, this will be a fun one to show this summer. Send her to the donor pen when she hangs up the halter and fall in love with her all over again when she is in production.

Ranks in the top 2% for Udder, BMI and BII; top 3% for Teat, CW and CHB.

Homozygous Polled.

Another striking Makers Mark from Blazer Farms, and she has a world of future. L043 may be a notch greener in her condition, but this one is built for speed. We love the way she goes off her back two with authority. Clean jointed and fault free on all four feet, she's long and level out of her hip and ties it all together with a sharp front end. Give this girl some time and feed and have an absolute ball with her next summer as a senior yearling.

48L comes to you a notch greener in her condition than some of her contemporaries, but man—does this girl have all the parts and pieces to make a killer bred! Our Inception calves pass the eye test with ease with their perfect markings and added pigment. Big boned, added muscle and dimension. 48L's dam, 9242, was a past high seller, commanding \$20,000 for half as a two-year-old to BSB Farms. 9242 has quickly become one of our best up-and-coming donors on the ranch. This mating ties so many good things into an elegant package. Give this young female a few more days on feed, and the results could be electric.

Ranks in the top 2% for CW and CHB; top 5% for Teat, Marb and BII.
Maternal sister sells as Lot 25.

This one's special to us, maybe for a different reason than you'd expect. 35L lost her recipient mother when she was less than a month old. She lived in the show barn, doing it all on her own, and did a pretty darn good job. Study her for what she is...big hipped, wide based, ultra feminine and functional. Her outstanding EPD profile adds value with the combination of low birth weight and explosive growth. A maternal sister sired by Blueprint sold in the 2022 Female Event, topping the sale at \$30,000 to Crazy K in Tennessee.

Ranks in the top 3% WW and YW; top 5% for M&G and REA.

In Lot 14, we are proud to present one of the best heifers we believe we have ever raised. We take that claim very seriously, and when you lay your eyes on this one, you will see why. A Contender daughter out of a Full Throttle x 8129. Her pedigree speaks for itself, and when you study this female, it's hard not to get excited. Built correct from the ground up with an impeccable foot and leg set, big boned and massive in her rib cage, blending into a flat shoulder and a high head and neck set. This one is built to compete right out of the gate in the horned division. I could write a book about this one, but I'll leave it at this—buy her and hold on! We believe there is a fun ride ahead for this exceptional female.

lots 15 and 16

Here's a different pedigree than you are used to seeing mated to Novel 5502, but these two Roll the Dice daughters are special. Burly and stout in their design, long strided on the move and up headed, these females have a tremendous future.

We can write a "Novel" about the 5502 daughters, but we'll keep it short and sweet. In the last five years, there has not been a more proven dollar-generating cow at Burns Farms than 5502. And both of these daughters remind us of 5502 when she was a calf. They are built to make killer show heifers now and as senior yearlings. Tie onto two females we believe have a world of future in the show ring and the donor pen.

This Marksman daughter has a unique pedigree on her bottom side. 2310's dam is a Trust x Edith, which if you have been around the program at all, you know the Edith cow family has been a prominent family for Burns Farms for many years. Marksman daughters have been highly sought after in recent years, and 2310 will be no different. She is a big boned, cool fronted, long spined show prospect that has the cow family behind her to make a productive member of your cow herd when it's all said and done.
