BURNS FARMS

SPRING BULL & COMMERCIAL FEMALE SALE

Saturday, February 29, 2020 • Pikeville, Tennessee

12 noon CST at the Farm

61 Service-Age Bulls • 61 Commercial Females

Hereford & Angus Fall Long Yearling Bulls

WELCOME TO THE SALE!

David Burns

Our bulls are hardy, ready to work and will add the genetic excellence you have come to expect from Burns Farms. If you need a bull, come to the sale!

Videos of the bulls will be available for viewing online prior to sale day at **burnsfarms.com**.

Dear Cattlemen,

The demand for the Burns Farms bred bulls continues to increase year after year! Interest in the Hereford bull is unlike any other breeds. Hereford bulls adds heterosis to an Angus herd for those desirable baldies, docility and color to Brahman cows for the F1 tiger stripes, and the foundation bull for registered breeders looking for structure and numbers.

When I graduated from the Reproductive Physiology program at Michigan State University, I wanted to combine my educational knowledge in genetics with real world breed standards that would work for a variety of cattle producers. As you look through this offering, you will find bulls with solid EPDs that are stout, easy fleshing, scanned for carcass traits, semen checked and ready for a TAEP certification (for those living in Tennessee). Previously, we have sold bulls nationwide into all climates. All of these bulls are ready to work. We sell on average 200 bulls a year. We believe real success is defined by our bulls working for you. The hope is for these animals to be a model of excellence for your program.

Please join us for a sale preview and dinner on the evening of February 28th. On sale day, February 29th, we will have lunch at 11 a.m., and the auction will begin at 12 noon central. You all are welcome to visit the farm and call to discuss this offering. Thank you for the opportunity to do business with you!

Best Regards,

David Burns

Burns Farms Bulls

...designed for your herd's legacy!

Free Bull Delivery!

Free delivery to central points in Tennessee and adjoining states on total bull purchases of $5,000 or more. It will cost no more than $200 per bull on purchases of $5,000 or more to deliver bulls anywhere within the continental United States. **Pick up your bull/s sale day and receive a $25 discount per bull.** Sorry, **no free delivery on commercial females.** Truckers believed to be reliable will be available sale day.

SALE LOCATION

BURNS FARMS—1027 ALVIN C. YORK HWY., PIKEVILLE, TN 37367

From Chattanooga:

- Take 27 North toward Dunlap and Dayton.
- Follow left fork to 111 North (Dunlap, go 16.8 miles).
- At intersection of 11 North and 127 North, turn right onto 127 North (go approximately 18 miles).
- After the Bledsoe County High School, turn left onto Burton Street (at the funeral home and convenience store).
- Go one block to dead end and turn right.
- Go approximately 0.6 miles to the Burns Farms Sale Facility.

From I-40 in Crossville:

- Take the TN 101/Peavine Road Exit, #322, toward Crossville 0.4 miles.
- Keep right at the fork to go on TN 101/Peavine Road 2.5 miles.
- TN 101/Peavine Road becomes TN 392/Miller Ave./Milo Lemert Pkwy. 2.5 miles
- Turn left onto US 127/South Main Street/TN 28. Continue to follow US 127 /TN 28 2.5 miles.
- Turn slight right onto US 127 South/TN 28 South. Continue to follow US 127 South/TN 28 South 28.1 miles.
- Turn right on Alvin C. York Hwy. 1 mile.

SALE TERMS AND CONDITIONS

All registered bulls sell under the recommended terms and conditions of the American Hereford Association or the American Angus Association.

HERD HEALTH

All cattle will be accompanied with proper health certificates for immediate shipment. Commercial females that sell bred have been checked safe in calf by a licensed veterinarian. All bulls of breeding age will be sold as guaranteed breeders. If a bull is diagnosed as a non-breeder, a written statement or phone call to Burns Farms must be made within six months of the sale date. At that time, a credit will be issued, purchase price minus salvage value, for a future purchase at a Burns Farms Bull or Female Sale.

ANNOUNCEMENTS

Announcements made sale day from the auction block take precedence over statements in the catalog and other advertising. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

All persons who attend the sale do so at their own risk. Neither the owners nor anyone else associated with the sale assumes liability, legal or otherwise, for accidents or loss of property. EPDs were current as of 2/01/20, as reported by the American Hereford Association or the American Angus Association.

Note: Actual scrotal circumference (SC) is reported as recorded 2/03/20.

- The No. 1 CED EPD bull in the sale! Posted an impressive BW ratio of 87 and features a Marbling EPD in the top 1% of the breed while maintaining red meat and muscle.
- Ranks in the top 1% for CED, Marb; top 3% for BW; top 10% for REA; top 25% for WW.

Stand out with Proven Genetics

THE HEREFORD ADVANTAGE PROGRAM

Increase added market power and brand recognition with feeder cattle sired by a Hereford bull battery ranking in the top 50% for CHB$ index.

PROGRAM BENEFITS:

- EPD ranking summary
- Added market exposure
- Genetic improvement tool
- Access to AHA resources
- Get started at HerefordFeederCattle.com

Certified Hereford Beef Index(CHB$) is a terminal sire index that is built on a production system where Hereford bulls are used on Angus-based cows with a focus on feedlot performance and end-product merit. To qualify for the Hereford Advantage program, cattle must be sired by registered Hereford bulls with transferred ownership, and the Hereford bull battery must have a CHB$ value ranking in the top 50%.

AHA GE-EPD

Each animal tested is recognized with the AHA GE-EPD logo.

AHA Trait	Accuracy Improvement	Effective Progeny Number Increase*
Calving Ease	0.09	17
Birth Weight	0.12	8
Weaning Weight	0.14	12
Yearling Weight	0.16	9
Scrotal Circumference	0.17	6
Mature Cow Weight	0.12	4
Udder Suspension	0.17	7
Teat Size	0.17	7
Carcass Weight	0.11	3
Fat	0.08	2
Rib-Eye Area	0.07	2
Marbling	0.10	3

* Effective Progeny Number Increase (EPNI)- EPNI is the difference gained for genotyped animals versus non-genotyped animals.
