Burns Farms & Friends

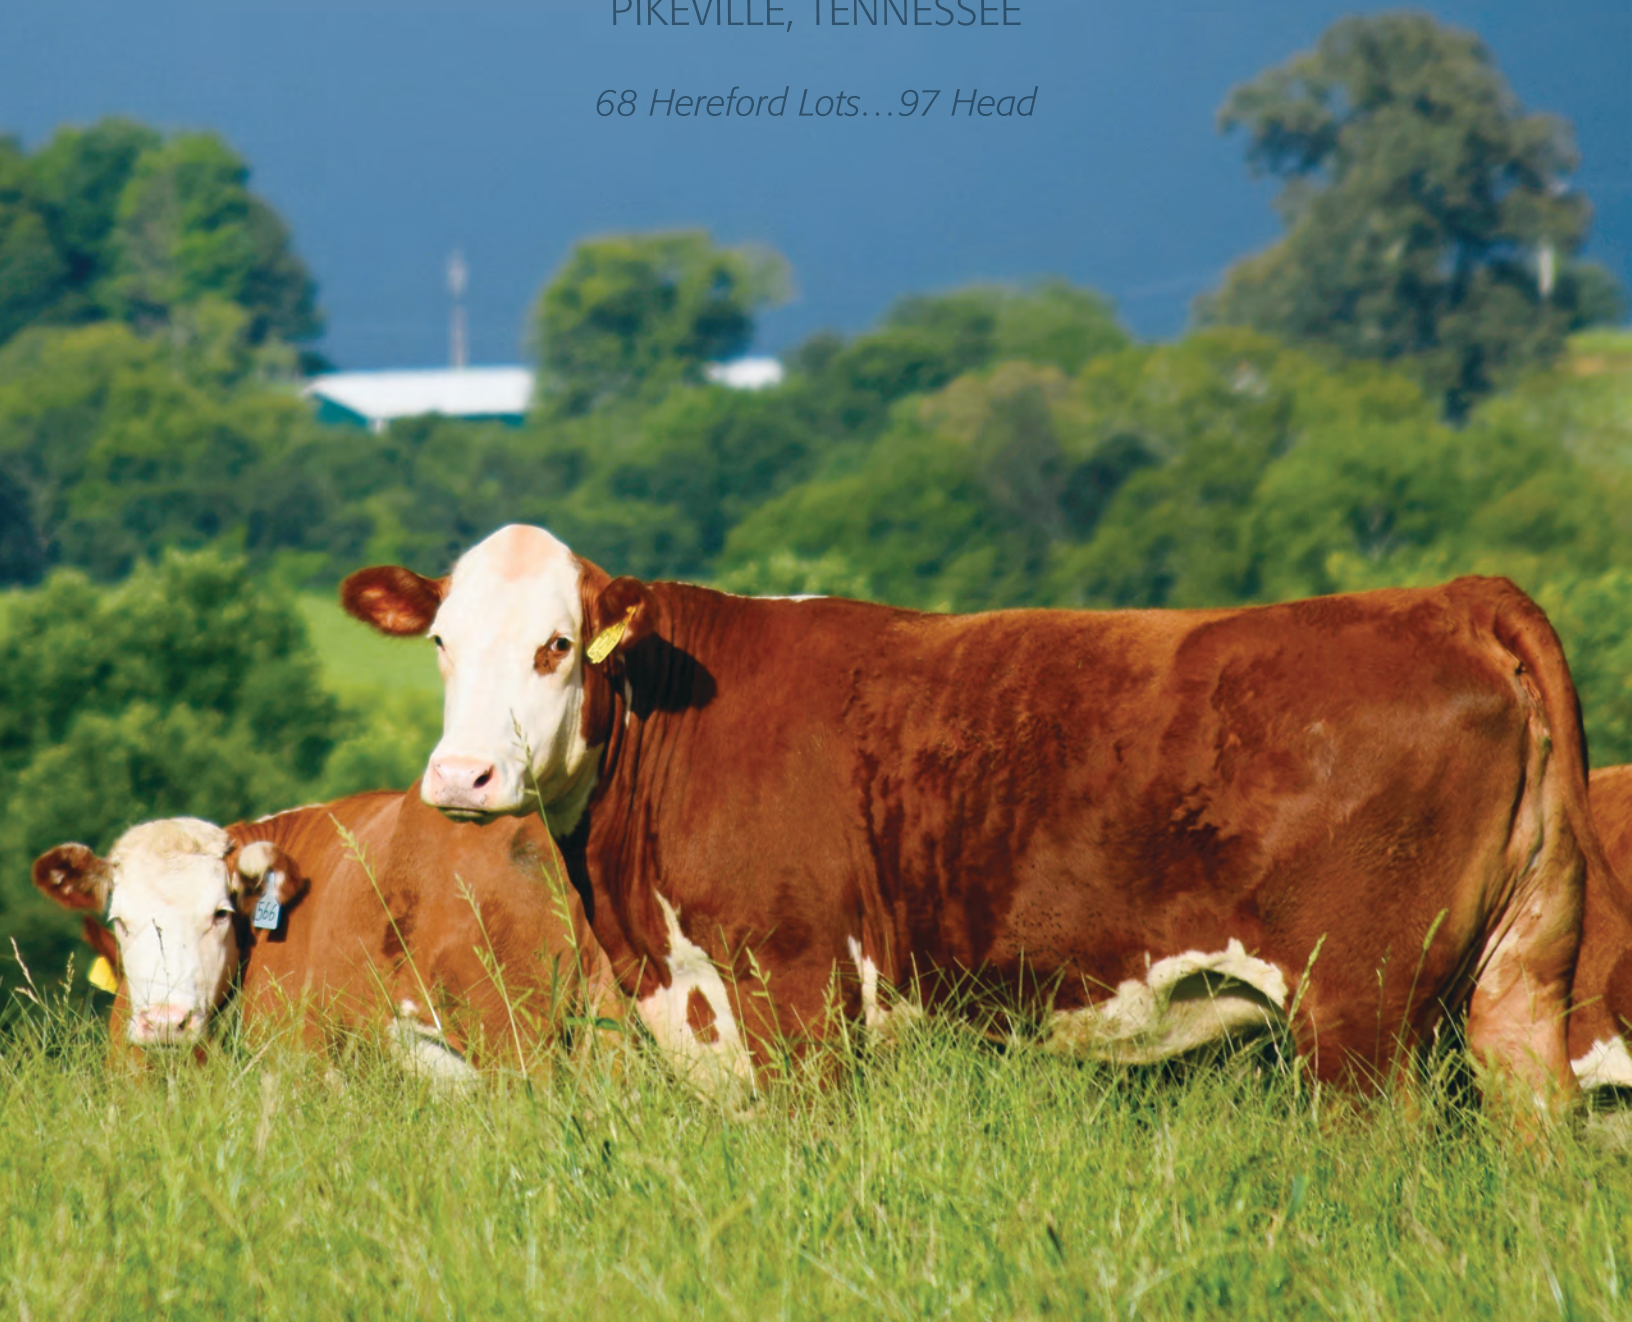
FEMALE SALE

VOLUME III

September 29th, 2018

12 NOON, SATURDAY
PIKEVILLE, TENNESSEE

68 Hereford Lots…97 Head



Dear Friends & Cattlemen,

Many things have blessed our Farm this year: plentiful crops, performance progeny, green grass, and profitable cattle markets. Above all, you, friends and cattlemen, are deeply appreciated as you show up again and again. Together we are always looking to grow and improve our herd. One thing we value the most is the opportunity to assist fellow cattlemen in growing their business and fulfilling their dreams in agriculture. We believe in our role as farmers. It is important to our country that we grow in our ability to produce.

Our friends are from all walks of life, and we share common goals for our herds: stout, easy fleshing, efficient cows with a heritage of preferred genetics. It is an honor to share a sale ring with our friends ***Camp Beulah, Copper Creek Farm, Paquette Hereford Ranch, Lazy J Herefords, Cunningham Herefords, White's Hereford Farms and Hamilton Farms.*** You have seen these friends at our sales, and we are excited to show you a preview of what they have been striving for on their family farms.

We work to offer a diverse selection of cows designed to work for a variety of cattle producers. Whether you are looking for a show quality heifer, a future donor prospect, or a productive cow with proven progeny – they are all in this sale!

We always want to hear from you, so come by the farm for a visit, call or find us on social media. Thank you for the opportunity to do business with you. We are grateful to continue to grow every year in our cattle offering and friends.

Please join us for a celebration of friendship and preview the cattle on the evening of September 28th . We will be serving Sarah's Burns Beef Burgers. The sale will be Saturday, September 29th, with lunch served at 11:00 before the sale. Also plan to join us November 3, 2018 for the Burns Farms Bull and Commercial Female Sale.

With Warmest Regards,

David & Katie Burns

The Nashville, Tenn., airport is two hours from the farm.

Sale Terms and Conditions

Registered cattle sell under the recommended terms and conditions of the American Hereford Association, www.hereford.org.

Herd Health

All cattle will be accompanied with proper health certificates for immediate shipment. All females that sell bred have been checked safe in calf by a licensed veterinarian. All females of breeding age will be sold as guaranteed breeders. If a female is diagnosed as a non-breeder, a written statement or phone call to Burns Farms must be made within six months of the sale date. At that time, a credit will be issued, purchase price minus salvage value, for a future purchase at a Burns Farms Bull or Female Sale.

Announcements

Announcements made sale day from the auction block take precedence over the catalog and other advertising. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time.

All persons who attend the sale do so at their own risk. Neither the owners, the sale manager nor anyone else associated with the sale assumes liability for accidents or loss of property.

BR Copper 124Y…sire of Heavy Metal, Lot 1

- Heavy Metal has been a standout at Burns Farms since birth with his conservative and unique markings plus his tremendous eye appeal. He displays tremendous depth, hip, bone and balance in a structurally correct package. When compared to his contemporaries, he exhibits a darker red color pattern along with added shape and hip.
- Heavy Metal is sired by the ever-popular and now-deceased BR Copper 124Y, whose semen has commanded in excess of $500 per straw.
- His donor dam, 4128, is now working in the Moss Neck Hereford operation in Virginia. Much like her son, 4128 displays tremendous look and design in an ultra-powerful package.
- Heavy Metal is a bull that David plans on using extensively in the Burns Farms program to replace his sire, 124Y, as semen is limited and hard to come by. It is challenging to find a bull that displays as much power as Heavy Metal does yet is smooth made and ultra cool on the profile.
- Heavy Metal represents what Burns Farms bull and female customers demand in every facet, and we are truly excited about his future.
- Top 2% WW and YW, top 15% CW and REA, top 20% Marb, top 25% SC.
- *Terms to be announced sale day.*

- BF Reddy Go 88X 435 is the dam of BF 1310 Rocket Man 629, the $60,000 feature of the Burns Farms Fall 2017 Bull Sale to P&R Herefords, Southern Star Herefords and the Rocket Man Syndicate. Rocket Man was her first natural calf and posted astonishing ratios of 91 for BW, 120 for both WW and YW, 107 for IMF and 101 for REA.
- Reddy Go is truly one of the best made Hereford females we have ever had the opportunity to lay eyes on. She is dark red in color, short marked, huge bodied, square hipped, big boned and ultra cool on the profile. Sired by 88X and out of a direct daughter of Online, she stems from two of the most heavily used bulls in the Hereford breed over the past 15 years that excel in maternal excellence.
- Reddy Go is just a four-year-old with her whole productive life in front of her. If you are or have been in search of a big time proven young donor with an elite pedigree and EPD profile, here she is!
- Top 2% Milk, top 3% WW and YW, top 5% Teat, top 10% Uddr, top 20% REA, top 25% Marb.

- All About Edith stems back to one of the all-time high revenue generating donors for Burns Farms, Edith 747, known at the farm as "Edy." Edy has certainly left her mark in the Hereford industry, with several direct sons and daughters serving as herd bulls and donors across the country.
- 4240 is flawless in her phenotype with added rib, volume, muscle and style. She is truly one of the great direct daughters of About Time you will find in production. Just a coming four-year-old, 4240 combines a strong pedigree and strong EPD profile. Young and good, her potential is endless!
- Top 10% Uddr and REA, top 15% Teat, top 20% WW, top 25% Milk.

- A little green at picture time, this horned daughter of the wildly popular Belle Air has all the pieces to be big time. She has the natural sweep to her belly, look and muscle shape. Once she comes into her own, she will be tough to turn.
- Southern Belle stems back to the legendary donor 7902, the full sister to "Gabrielle." Her dam, 4326, was a former feature bred heifer that commanded $15,000 in the April 2016 Burns Farms Female Sale to Southern Star Herefords.
- A big time performance EPD profile complements this elegantly designed female that has a world of potential.
- Top 1% CW, top 2% YW and REA, top 4% WW, top 10% Milk and CHB.

- A special female here in this daughter of the now-deceased ST Genetics bull Flintlock and out of 5502, the full sister to the Grand Champion Hereford Female at the 2013 North American in Louisville, KY, CSF 18U Olivia 2102. Her dam is one of the up-and-coming young donors in the Burns Farms and P&R Herefords breeding program.
- With her pedigree and design, Smokin is a power cow in the making and has the total performance EPD profile to back it up, excelling in growth and valued-added carcass merit. Big time potential lies here!
- Top 10% WW, YW, CW and REA; top 15% Uddr, Teat and CHB; top 25% Milk.

- A great Line One female! 566 is stacked with excellent Line One genetics and has a fantastic EPD profile. Just look at how many categories she is ranked in. 566 should be your next donor cow to raise stout herd bulls and keeping kind of females. Her dam is one of the best cows on the place and is leaving quite a legacy at Burns Farms. Sired by the very popular 2185 bull that continues to be one of the hottest sires in the breed.
- Top 3% CW, top 4% YW, top 10% WW and REA, top 15% Milk, top 25% CHB.
- *P.E. 4/1/18 to 6/18/18 to BF Homeland 495 ET and 6/28/18 to 8/1/18 to BF Hi Flyer 4208 ET. Safe in calf.*

- We are kicking off the Copper Creek Farm offering with a bang. This beautifully made, long bodied female is gorgeous to view from any angle. Her sire went to herd bull heaven prematurely but will leave a legacy that will be at Copper Creek for a long time. Her dam traces back to one of the best cows to leave Burns Farms. Get these Heisman daughters while you can. I have a feeling that they won't want to let go of anymore after they calve.
- Top 10% DMI and CHB; top 15% MCW; top 25% REA.

- I admire how much natural power and bone this young female exhibits. To be that stout and square hipped and still have that much angle and grace through her front end is unique. This mostly Line One female truly will make a front pasture cow. 4222 has a unique bottom side to her pedigree that traces back to the immortal 399 donor.
- Top 5% BW, top 10% Milk and top 20% CED.

- A female with a long, beautiful head and neck plus plenty of power and style. Her great phenotypic look and growth genetics will propel this female to the head of the class. 556 is a daughter of the always-popular sire Nucky, known for his high dollar average in the November bull sales. Females like this one will raise stout, commercially desirable offspring.
